“A Mind-Body Approach to Health, Wellness, and Success”

Matthew Sanford

Paralyzed from the chest down at age thirteen, Matthew Sanford draws upon his unique experience as a paraplegic, a yoga teacher, an author, a husband and a father to offer not just a mind-body approach to living with a disability, but a mind-body approach to living well. In this interactive presentation, participants will gain insight into the nature of disability, the fundamental importance of their own self-care, and learn practical ways that a mind-body practice can enhance both the quality of their own life and the lives of the students they serve.

Matthew Sanford is an award-winning author, a nationally recognized yoga teacher and founder of the non-profit Mind Body Solutions. For more information, visit www.matthewsanford.com or www.mindbodysolutions.org
